

Who Works Here?

Who works where you live?

People live and work in this neighborhood.

It is such a busy place. Who works in this place?

We will talk to them. They all like to help us.

I make the neighborhood safe.

When you ride your bike, stop and check all ways.

I will help you cross.

I help put out fires. Fires can be bad.

I wish all people could be safe from fire.
